- Children shall not play with the appliance.

### PARTS DESCRIPTION

1. Thermostat plug
2. Lid
3. Pan
4. Base

### BEFORE THE FIRST USE

- Take the appliance and accessories out of the box. Remove the stickers, protective foil or plastic from the device.
- We advise to place a heat resistant coating between your table and the appliance (this way you don't get burns on your table or table cloth).
- Before using your appliance for the first time, wipe off all removable parts with a damp cloth. Never use abrasive products.
- Put the power cable into the socket. (Note: Make sure the voltage which is indicated on the device matches the local voltage before connecting the device. Voltage 220V-240V 50/60Hz)
- Place the supplied thermostat in the connection of the thermostat.
- When the device is turned on for the first time, a slight odour will occur. This is normal, ensure adequate ventilation. This fragrance is only temporary and will disappear soon.

### USE

- Pre-heat your appliance on the highest level for 10 minutes before using it.
- The cooking pan should be rubbed in with some food oil.
- Use the temperature knob on the thermostat to choose the desired temperature.
- The thermostat regulates a constant temperature. During cooking the indicator light on and off, this is normal, the temperature is always constant adjusted. Never use sharp objects on the cooking pan, this will damage the anti-stick coating.

### CLEANING AND MAINTENANCE

- Before cleaning, unplug the appliance and wait for the appliance to cool down.
- Never pour cold water on a hot plate, this could damage the device and can cause splashing hot water.
- Wipe the inside and the edges of the appliance with a paper towel or a soft cloth.
- Clean the appliance with a damp cloth. Never use harsh and abrasive cleaners, scouring pad or steel wool, which damages the device.
- Never immerse the electrical device in water or any other liquid. The device is not dishwasher proof.

### ENVIRONMENT

This appliance should not be put into the domestic garbage at the end of its durability, but must be offered at a central point for the recycling of electric and electronic domestic appliances. This symbol on the appliance, instruction manual and packaging puts your attention to this important issue. The materials used in this appliance can be

recycled. By recycling of used domestic appliances you contribute an important push to the protection of our environment. Ask your local authorities for information regarding the point of recollection.
