BEFORE THE FIRST USE

- Take the appliance and accessories out of the box. Remove the stickers, protective foil or plastic from the device.
- Place the hose in the vacuum cleaner and turn it clockwise to secure. Place the other side of the hose into the tube.
- Only use the device if all the filters included the dustbag are placed properly, a damaged or improperly installed filter or dustbag may damage the unit.

USE

- Connect the various nozzles or floor brush to the tube for different cleaning purposes. The floor brush has two positions, soft/textile surfaces.
- Turn on the appliance: Hold the plug and pull out the cord, then insert the plug into the power socket. Make sure that the power supply corresponds to the required power mentioned on the rating label. Press the on/off switch pedal to turn on the power.
- The high power of the vacuum cleaner may cause that the floor brush will be sucked to the surface, when this happens please choose a lower sucking power.
- Turn off the appliance: After use, press the on/off switch pedal, the appliance is turned off. Pull the plug out of the power socket, press the cord rewinding pedal, the power cord will be drawn in.

1.1.0**User and maintenance instructions****CLEANING AND MAINTENANCE**

- The plug must be removed from the power socket before any maintenance or replacement.

Replacing the dust bag

- When the dust bag is full (check the indicator), please follow the instructions:
 - Open the front cover by pressing the lock clip
 - Lift off the Paper bag from the dust bag holder. Please always keep the dust inlet pointing upwards in order to void dust leakage.
 - Replace the dust bag and install a new dust bag to the holder. Make sure the card of dust bag reaches the bottom of the dust bag holder.
 - Close the front cover.

Cleaning the filters

- The motor protection filter(as found under the front cover) should be removed and rinsed twice a year or whenever it is visible clogged. If the filter is damaged, a new filter should be replaced.
- The exhausted filter (as found under the front cover) should be cleaned in time. Unclip the front cover and take out the Hepa filter, please use a soft bristled brush for cleaning.
